

## Budgeting Business

The Budgeting Business can use Profit Manager as the easy way to see the current status of a business and predict the effect of decisions by letting you create comprehensive financial forecasts.

Profit Manager works in conjunction with Sage 50 Accounts and Sage Instant Accounts for the Budgeting Business to view the status of the business and forecast future trends using a combination of budgets, cash flow figures and what-if scenarios.

Regular forecasting is essential for profitability and solvency in any Budgeting Business.

- The Budgeting Business can create accurate reports with figures you can trust
- The Budgeting Business can predict and monitor their cash flow
- The Budgeting Business can see the impact of potential business decisions
- The Budgeting Business can save hours creating professional reports

### CREATE FORECASTS DIRECT FROM DATA HELD IN YOUR SAGE SOFTWARE

You can link to data within Sage 50 Accounts and Sage Instant Accounts to the Budgeting Business.

### TRACK PROGRESS AND IDENTIFY GAPS AND OPPORTUNITIES

It's easy to update your forecasts with current data direct from your Sage 50 Accounts. This means that the Budgeting Business can easily re-forecast based on actual results while still leaving the original budgets intact.

### CREATE COMPREHENSIVE AND ACCURATE FORECASTS

The extremely flexible forecasts allow the Budgeting Business to create and report on unlimited cost and sales sections.

### PERSUADE MANAGERS AND INVESTORS OF YOUR FUTURE POTENTIAL

The software enables the Budgeting Business to make confident business decisions and provides the Budgeting Business with professionally presented reports and graphs.

### EMAIL OTHER DECISION MAKERS

All information contained in Profit Manager can be emailed to clients or other managers of the Budgeting Business easily at the click of the button.

### SAGE 50 ACCOUNTS NOT REQUIRED ON THE WORKSTATION

The Budgeting Business does not need Sage installed in order to use and navigate Profit Manager. Sage is only required to refresh with current data direct from your Sage 50 Accounts.

### PROFESSIONAL & COMMUNITY VERSION

The Budgeting Business can choose between a Professional version giving you full access to the entire software

package or a FREE Community version for those who simply want to browse your results.

#### **CHOICE OF REPORTS AND GRAPHS**

The Budgeting Business has access to a variety of Cash Flow, Profit & Loss and Balance Sheet reports and graphs.

#### **MONITOR YOUR CASH FLOW**

The Budgeting Business will be able to see potential dips in cash flow before they happen and avoid unpleasant surprises.

#### **FORECASTING SOFTWARE THAT'S EASY TO LEARN**

At the click of a button, Profit Manager provides the Budgeting Business with immediate, easy to understand graphs, tables and reports with invaluable information.
